JUSTICE
Mark Riggi
538-4800

CODE ENFORCEMENT
OFFICER
Michael Burnside
538-4150

Monthly Report
Matthews Trail - MacKay Park
For June 2020

1. Recently both entrances to MacKay park were opened up with a sickle bar trimmer. MacKay trail was raked completely to better define the actual trails.
2. The orange fencing around the dedicated willow tree at MacKay was removed and the surrounding ground was cleaned up.
3. The flower beds at the overlook and at the trailhead are somewhat out of control and need to be addressed.
4. Matthews trail has some wet spots that could use some mulch to help dry out and raise the walking path.
5. The mower is running better.
6. The display signs are showing some weather issues and will eventually need to be painted.
7. Seth Graham Designs has been tasked to print the "new style" numbered interpretive guide.

Also, I just want to say Thank You to the Board for picking me to carry on the maintenance of these trails that Barry had done so well for many years. I have always enjoyed using these trails as a resident and hope I can do half as good a job as he did maintaining them. I am always available for comments or concerns regarding the trails so feel free to contact me either through Chris or Ann Marie.
